Did you know this sewing pattern
has layers?

This means that you can select only
the size/s you would like to print.
You can also turn off the stitch line,
if you would like the cut line only.

IMPORTANT NOTE

Due to the nature of this design, this pattern requires a lot of notches and markings. We strongly recommend only printing the size/s you need to save confusion. We have done our best to differentiate the lines for each size and each pleat, but there are sections where lines and notches overlap.

Pin small pieces of paper (or use masking tape if it won't damage the fabric) to the notches on the fabric to record the pleat number. This will mean you don't need to keep referring back to the pattern when folding the pleats.

If printing all sizes, take your time when notching the pattern and consider using a highlighter to mark the relevant notches on your pattern before cutting from fabric.

Pattern abbreviations have been used on this pattern.
