

SIZING + GARMENT MEASUREMENTS

SELECTING YOUR SIZE

The **Malvern culottes** are designed to be fitted at the waist but relaxed in fit through the hip due to the deep pleats. Select a size based on your waist measurement. We would only recommend grading up at the hip if your hip measurement is 4-5 sizes larger than your waist measurement.

Due to the volume and design of the garment, we have graded the pattern in the same way for both size ranges (which means the shape of the pattern pieces doesn't change between size ranges). This means that the pattern in sizes G-J is the same in both patterns.

If your measurements are in the overlap section of our size charts (G - J), you can use either pattern and get the exact same result.

This pattern is drafted for a height of 170cm (5'7"). Use the LENGTHEN / SHORTEN lines on the pattern to make alterations to the length. See the following pages for the finished garment measurements for each pattern view in each size bracket.
